

Early Years Foundation Stage Curriculum Intent

The intent for our children is to enter the Early Years stage of their education ready to embrace new challenges with confidence, resilience and a positive mindset.

We engage our pupils in a stimulating environment led by the children yet carefully organised and managed by adults.

We provide a curriculum that is responsive to individual starting points and needs.

We encourage our children to take the lead in their own learning with confidence to explore new ideas, think about problems, take risks and seek challenge.

We develop high levels of engagement, curiosity, collaboration and co-operation.

We build confidence. Ensuring children respect the opinions and values of themselves and others.
